Product Summary

The ST Powered Sweeper is designed to sweep and collect grass, leaves, litter and horse manure behind a compact or small tractor up to 50HP. When sweeping on grass areas such as paddocks it has the added advantage of lightly scarifying the turf.

Product Description

The ST Powered Sweeper is designed to sweep and collect grass, leaves, litter and horse manure behind a compact or small tractor up to 50HP. When sweeping on grass areas such as paddocks it has the added advantage of lightly scarifying the turf.

Specification

- PTO driven sweeper with collection hopper.
- Requires a tractor with 540 rpm power take off.
- Standard machine is trailed using the drawbar and is fitted with manual tip hopper.
- Hydraulic tipping hopper is optional and requires one double acting auxiliary service on the tractor.
- 3 point linkage mounting is optional.
- Gearbox and chain transmission.
- Floating linkage allows sweeper to follow ground contours.

Optional Extras

- Hydraulic tip
- 3 point linkage mounted.
- Gulley Brush

Models

[table cols="Model, Working Width, Overall Width, HP Required, Weight, Hopper Capacity" data="					
ST120,	1.2m,	1.5m,	15-30,	147kg,	600 litres,
ST150,	1.5m,	1.8m,	20-40,	170kg,	750 litres
"]					

The horse power required is a guide to the size of tractor required. 3 point linkage mounted versions will require a larger tractor than standard versions as the full weight of the sweeper is taken by the tractor.
