

Valiant 600

Product Categories: [All Terrain Tractors](#)

Product Page: <https://www.kilworthmachinery.co.uk/product/valiant-600/>

Product Summary

The Valiant is the mid range All Terrain Tractor. The easily reversed driving position makes the Valiant ideal for landscaping and grounds maintenance as it can be used in the conventional forward facing mode for cultivation work but then switched to reverse mode for mowing work. Kilworth supply several machines which can be used in the reverse drive mode, including flail and rotary mowers. The modern design of the Valiant transmission and axle assembly allows a robust tractor in a compact size.

See Valiant 600 Brochure

Product Description

The Valiant is the mid range All Terrain Tractor. The easily reversed driving position makes the Valiant ideal for landscaping and grounds maintenance as it can be used in the conventional forward facing mode for cultivation work but then switched to reverse mode for mowing work. Kilworth supply several machines which can be used in the reverse drive mode, including flail and rotary mowers. The modern design of the Valiant transmission and axle assembly allows a robust tractor in a compact size.
