

Valiant V650

Product Categories: [All Terrain Tractors](#)

Product Page: <https://www.kilworthmachinery.co.uk/product/valiant-v650/>

Product Summary

The Valiant is the mid range All Terrain Tractor. The Valiant 650 series is an updated version of the standard Valiant 600 and features new tier 3 emissions engines, new cabs and a new drivers platform. The easily reversed driving position makes the Valiant 650 series ideal for landscaping and grounds maintenance as it can be used in the conventional forward facing mode for cultivation work but then switched to reverse drive mode for mowing work. Kilworth supply several machines which can be used in the reverse drive mode including flail and rotary mowers. The modern design of the Valiant transmission and axle assembly allows a robust and powerful tractor in a compact size. Low centre of gravity and an extensive choice of wheels ensure good stability on steep slopes.

See Brochure For Further Details

Product Description

The Valiant is the mid range All Terrain Tractor. The Valiant 650 series is an updated version of the standard Valiant 600 and features new tier 3 emissions engines, new cabs and a new drivers platform. The easily reversed driving position makes the Valiant 650 series ideal for landscaping and grounds maintenance as it can be used in the conventional forward facing mode for cultivation work but then switched to reverse drive mode for mowing work. Kilworth supply several machines which can be used in the reverse drive mode including flail and rotary mowers. The modern design of the Valiant transmission and axle assembly allows a robust and powerful tractor in a compact size. Specification

- 12 Forward and 12 reverse gears with synchro reverser
- Reversible driving position
- Rear PTO 540 rpm independent electro hydraulic control
- Multi disc wet clutch
- Multi disc PTO clutch in oil
- Four wheel drive
- Oil immersed multidisc brakes
- Hydrostatic steering
- Adjustable steering wheel
- Hydraulic lift with twin lift cylinders and CAT 1 three point hitch
- 1200kg lift at ball ends
- 1 double acting control valve as standard
- Standard wheels 250/80-18 agricultural pattern

Optional Extras

- Wheels 11.5/80-15.3 Agricultural
- Wheels 280/70-18 Agricultural
- Wheels 320/65-18 Agricultural
- Wheels 260/70-20 Agricultural
- Wheels 31x15.50-15 XTC
- Wheels 33x12.50-15 Turf
- Cab with heat and ventilation
- Cab with heat and air con
- 3 point hitch quick couplers
- Digital dash display
- Self Cleaning Radiator system
- Wheel weights 45 kg each (Pair)
- Sump guard / bonnet protection
- Front weights 60kg
